### How it works?

## USB 3.0 to Sata & IDE Hard Driver converter

### Introduction

USB3.0 to Sata&IDE converter enables you to connect 2.5/3.5 IDE & SATA hard drivers to your computer via USB Port. This is the perfect tool to duplicate, backup, or transfer large amount of data from one drive to another.

### Specification

Product size: L100mm\*W63mm\*H15mm  
 This converter can support up to three drives simultaneously  
 Supported drives: 2.5"/3.5" SATA HDD/SSD;  
 2.5"/3.5" IDE HDD: DVD-ROM, CD-ROM, CO-RW, DVD-RW, DVD+RW  
 Compatible systems: windows 8/7/10/vista /XP/ Mac OS 9/10/LINUX  
 Supports drives with a capacity of up to 4TB  
 Support speed up to 5Gbps  
 Backward compatible with USB 2.0/1.1  
 On/Off Switch for HDD protection;  
 DC Power Supply 12V for 3.5" devices;  
 LED activity indicator, Plug&Play, simple, reliable and stable

### Notice

1. For 3.5" IDE drivers and old SATA HDD, you need to connect 12V 2A power adapter and 4-pin power cable provided. Attention please turn on the switch on IDE adapter in the last step.
2. Please try to use the 1 meter USB 3.0 data cable provided instead of the other long data cable.
3. If the device cannot be read, try connecting the data cable to your computer's rear USB port.

### Reference Only

If your device is connected to your computer for the first time, you may need to partition the computer and format it to read it.
